Stuart, Doug, David, Charles,

See attached the first three of the revised SSFS workplans responding to our written comments and the discussions we had in our September 30th meeting in Kansas City. Please review and let me know if they are acceptable to HQ. I will provide the remaining workplans to you as they are received.

FYI, Dave Bartenfelder and John Schumacher (USGS) are still working to summarize the agreed-upon scope of the Fate and Transport SSFS workplan based on the conference call we had on October 30th. The PRPs are waiting on that scoping information from EPA prior to resubmitting that workplan.

Sincerely,

Daniel R. Gravatt, PG

Subject: Revised Work Plans - Additional SFS Evaluations

Dan,

Attached please find revised Work Plans for

1. Alternative Area 2 RIM Volume;
2. Evaluation of Apatite Treatment Technology; and
3. Additional Discount Rate evaluations.

Also attached are transmittal letters for each work plan that identify substantive comments that are not specifically addressed in the work plans.

If you have any questions about these work plans or transmittal letters, please do not hesitate to contact me.
